

Contestant Information

We appreciate you putting your trust in our competition. It is our mission to be the fairest and most comprehensive cannabis championship of its kind. Our judging is and always will be completely fair, unbiased and educated. We will gather judges from across the state. Some of which will work in the industry and some will simply be patients. This year we have made some big changes to our judging. We have not only expanded our judging panels from 10 to 20 judges per category, we have also partnered with the world renowned Oaksterdam University to assist in setting our judging criteria and scales, and also to personally train all of our judges. Our judges will receive blind, coded samples for each entry with the exception of the edibles and tincture categories which we have changed to “branded” categories this year. In our best efforts to make sure the judges receive the samples in the same condition in which they were submitted, we have partnered up with Custom 420 Northeast to provide quality packaging for the blind judging process. With each entry you receive (1) weekend pass to the event. Your wristband and contestant badge will be available at our will call / vendor information booth the weekend of the event.

Drop off Instructions:

We will be picking up entries at several locations this year on specific dates. You may submit your entry at the location of your choice. We will be on location from 1:00 p.m. – 6:00 p.m. If you are in line by 6:00 p.m., we will accept your entry.
